

BENSVILLE

2 2 2

This house is a great opportunity to get into the property market. The block size is over 900m2 and it's only 150 metres to the waterfront reserve. It has two large living areas and a bathroom on each level. There is also plenty of off street parking and good access for a boat or caravan. Being only 5 minutes to pristine beaches and Boudi National Park this property won't last long.
