3 1 2

This home is located in a sort after area and looks sensational after undergoing a makeover. It gets plenty of sunshine and is in a private setting. The living and dining areas have raked ceilings helping to keep it warm in winter and cool in summer. In addition to this there is a huge covered rear deck that overlooks the pool and fenced back yard. It has a new kitchen and bathroom which also has two way access. The tandem garage is lined and would also be ideal as a home office
