5 4 2

Seize this unique opportunity to experience one of the best beachfront properties on the NSW Central Coast.

This property was last on the market in 1951, having been in the same family for almost 75 years. The original "Log Cabin" built around the turn of the century, is perfectly positioned with a north easterly aspect and located at the protected southern end of the beach.

Taking advantage of this perfect location, the family home was later developed on the front of this 878sqm parcel of land. Its exceptional position boasts uninterrupted headland-to-headland views and direct private access to the beach.
